«SCIENTIFIC LEGACY OF IWAN S. KOROPECKYJ: A KEY TO UNDERSTANDING THE ECONOMIC HISTORY AND DEVELOPMENT PROSPECTS OF UKRAINE»

November 12, 2024 (online)

Dear Colleagues!

We invite scientists, graduate students, doctoral students, employees of economic divisions of companies, state executive and local self-government bodies, members of public organizations and all those interested in the topic of the event to participate in the academic readings.

The purpose of the event is to highlight the scientific legacy of I.-S. Koropecykj (1921–2012) as an economist and researcher of economic systems, focusing on relevant issues of economic science and the challenges of ensuring Ukraine's economic resilience. The event will also facilitate the exchange of scientific views on the development of international economic relations and Ukraine's position in the global economy.

Topics for presentations and discussions:

- I.-S. Koropecykj: An outstanding representative of the Ukrainian scientific diaspora.
- Comparative analysis of economic systems in the works of I.-S. Koropecykj.
- I.-S. Koropecykj's contribution to the development of historical and economic science.
- Analysis and evaluation of Ukrainian economic thought in I.-S. Koropecykj's works.
- The theory of production allocation and its contemporary significance for solving spatial development issues in Ukraine's economy.
- Analysis of Soviet structural policy and its long-term consequences based on Koropecykj's methodology.
- I.-S. Koropecykj on the preconditions and prospects for market reforms in Ukraine.
- Ukraine in the system of international economic relations: past and present.
- Global economic development trends and Ukraine's prospects.

To participate, please submit your application (via the electronic form at the following link https://docs.google.com/forms/d/e/1FAIpQLSf9zUMDh_6h3wxv_-BUEco0L7njLOW_T9X3mQz1mZG_7xMdsA/viewform?vc=0&c=0&w=1&flr=0) and presentation abstracts for publication **by November 8, 2024.**
